Refund Policy

1. Full or Partial Refund

a. Miscommunication:

- i. If there is a miscommunication regarding the scope of services covered in the incorporation package (before initiation of the incorporation process).

b. Unforeseen Circumstances such as:

- i. In the event of a sudden regulatory change impacting the incorporation process, making it significantly more complex, or rendering the service unattainable.
- ii. If a customer faces a personal emergency issue, experiences a change of mind before the initiation of the process, or if a director/partner decides to back out unexpectedly, leading to the impossibility of completing the incorporation process.

2. No Refund in all the following cases

- a) If the incorporation process has commenced, and government fees have already been incurred or DSC process is started.
- b) Once the final incorporation forms are submitted for approval on the MCA portal, the process becomes irreversible, and therefore, no refunds can be processed.
- c) If the customer opts to terminate the process due to circumstances such as being unaware of post-incorporation compliances, personal issues, pausing the process indefinitely, or any potential additional costs incurred during the incorporation process.
- d) If all/any required documents are not available/submitted, the process can be put on hold until 90 days. If no update is received from the customer, then the process will be terminated and no refund will be issued in such cases.

3. Any Chargeback requests will be dismissed by default, and the initiation of a refund is possible only upon communication via the official email if the above criteria are satisfied.

4. Any refund request needs to be communicated to connect@okstartups.com, providing valid reasons and supporting evidence. The OKstartups team reserves the ultimate authority to assess and decide on the eligibility of refund requests, with the discretion to approve or deny them as deemed appropriate.

5. For any eligible refund requests, the verification and processing period will be completed within 3-4 working days before the amount is credited to the customer.
